#### **Quotes:**

**Magnus Moan (NOR):** "It was really a tough race today. I was quite satisfied with my jump however I was still 40s behind Christoph before the race. That's why I started quite fast to catch him as soon as possible and why I never stopped pushing hard. I had really good skis today which helped a lot in the race. All in all it was just a perfect day for me!"

**Jason Lamy Chappuis (FRA):** "I was really disappointed yesterday about what happened to me in the race. But I had a really good jump, which gave me a lot of confidence for today. I had a really good jump also today and therefore a good starting position for the race. I had a good feeling and thought that a good place was definitely possible, maybe also a podium place. I knew it would be a big group in the end and in a big group quite a lot is possible. However I thought that Magnus and Ronny would be stronger and that the third place would be won between us younger ones, but I took my chance in the last lap and it worked out pretty well. I am really happy with my second place and hope that I can continue like this after Christmas!"

**Ronny Ackermann (GER):** "It has been quite a while since the last time I was on the podium, so it feels really good to be back. I had a really good competition jump which gives me a lot of confidence and keeps me optimistic about the next competitions. I am also quite satisfied with the race. Maybe I was a bit too fast in the beginning because I thought that I really need to catch Christoph and that without keeping the tempo high, it would not be possible. Well, he had a really slow fourth round, but you cannot expect that before. So I lost a bit of power there which was missing in the end. Maybe I should have been a bit cooler. Anyway, I am really happy about my third place."
