48	PARK Jeun	KOR	●●●●○○○○○○ ●○○○○○○○○	60.4	78.5			5:14	wave: 4:10

Note:

Calculation of the time difference in individual events

The amount of time that a competitor must wait before starting is calculated by converting the number of points behind into time. Each point behind is equivalent to four seconds. 15 points behind means a competitor starts one minute later than the competitor in front of him.

Wave

To prevent too large start time differences, the Jury can decide upon the use of the "wave start". At the end of the Cross-Country race, the actual time difference after Ski Jumping will be adjusted accordingly.

Performance

A rating is calculated for the Ski-Jumping and Cross-Country elements for each athlete during the World Cup season.

Legend:

Diff Difference **LH** Large Hill
